

$$\text{Red semi-circle} \times \text{Blue shape} = \text{Yellow diamond} \quad \text{Blue shape} + \text{Blue shape} = \text{Brown quarter-circle}$$

$$3 \times \text{Brown quarter-circle} = \text{Green trapezoid} \times \text{Cyan parallelogram}$$

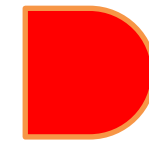

$$\text{Yellow diamond} : \text{Cyan parallelogram} = 5 \quad 4 \times \text{Blue shape} = 8$$

$$2 \times \text{Green trapezoid} = \text{Blue shape} \times 3$$

# REKENRAADSELS 3

Op de achterkant staat een gezellig sommetje.

Reken uit wat de waarde is van

48

## Antwoord Rekenraadsels 2 Blad 48

$$\text{D} = 10$$
